DESIGNED FOR SUSTAINABILITY

ENGINEERED TO TACKLE THE MOST DEMANDING JOBS IN 24/7 OPERATIONS

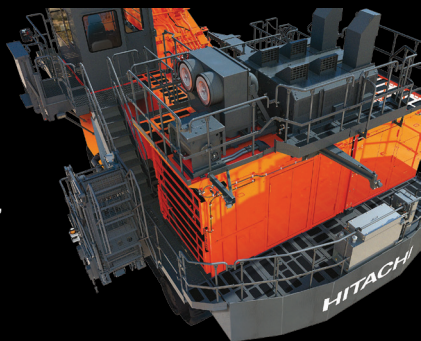

DESIGNED FOR PRODUCTIVITY

Hitachi's EX-7 excavators are built on the philosophy that machines shouldn't have to sacrifice performance to be sustainable.

This philosophy is evident in the EX8000-7 with energy-optimizing solutions, including electronically controlled hydraulic pumps, optimized cooling package, enhanced hydraulic circuits, and a choice of emission configurations to meet regulatory requirements, all combined to help operations minimize costs and maximize productivity.

With Hitachi's EX-7 series, your site can achieve more than ever before!
